

Alcohol-Free... NICE!

durafresh™ *

HAND SANITIZER

ALL-NATURAL
ALCOHOL-FREE
w/ Stabilized
Chlorine Dioxide

Introducing a great alternative to alcohol based products, the DURAFRESH HAND SANITIZER. The CDC states that one of the ways to prevent infection is through proper hand sanitation. Soap and water are not always available, so the use of hand sanitizers are an efficient way of ensuring your hands are pathogen-free. The alcohol in most products today have several adverse affects including aggravating existing cuts and scrapes, and causing alcohol poisoning in the very young. Through the power of Stabilized ClO₂, Durafresh redefines hand sanitizing by **safely** harnessing the natural cleansing power of oxygen. Use Durafresh Hand Sanitizer to supplement everyday protection. For best results, squeeze a dime-sized amount and rub over entire hand. Leave to dry and enjoy the clean and smooth results. Available in 1 and 2 fl. oz. (15 and 30 ml) bottles. Store away from heat. **Ingredients:** Deionized Water, Stabilized ClO₂, Glycerin (derived from Coconut Oil) Rosemary Extract, Lavender Extract, Polysorbate 20, Carbomer, Sodium Hydroxide

Also Available: Oral Rinse, Toothpaste, Breath Spray, Muftipurpose Gel and Deodorant
Durafresh Online: 5411 E.State St., #400, Rockford, IL 61108 Tel: (815) 713-0109
